

RV HAULERS.ca

HAULERS FOR SALE

Repairing, Converting

And Maintaining Your Own RVHauler

My Personal Approach

There are other (perhaps cheaper) ways to do this, but I try to achieve

- **Safety**

- **Reliability**

- **Longevity**

- **Performance**

Safety

Big Stuff = Big Owies

Fingers and Eyes Don't Grow Back

Trades to Locate / Unique Parts Orders

- Volvo
- Henry and Davena Szmyt
- Mobile Tire and Balancing
- Driveshaft Straightening Balancing and Mods
- Truck Parts (non Volvo)
- Wheel Polish
- Paint and Sandblasting
- Detailing inside and out
- Wheel Alignment and/or Tire Supply
- Steel Supply and Welding
- Wreckers / Parts Disposal
- Upholstery
- Glass Shop (Mobile)
- Brake Controller Suppliers and Ramps

Gotchas

**It takes
two – you
will be
moving
the truck
LOTS.**

Gotchas

**You will
need to
invest a
few
dollars in
metric
tools**

Gotchas

This isn't a weekend project

- 30 days back and forth to shops
- Waiting for trades 20 days
- Hands on – 10?
- Hmmm 3 months

Gotchas

○ **Test Test
Test Test**

○ **BEFORE
you go
on
holidays.**

Gotchas

**Sorry,
You aren't
going to
pay for this
conversion
with left-
over parts.**

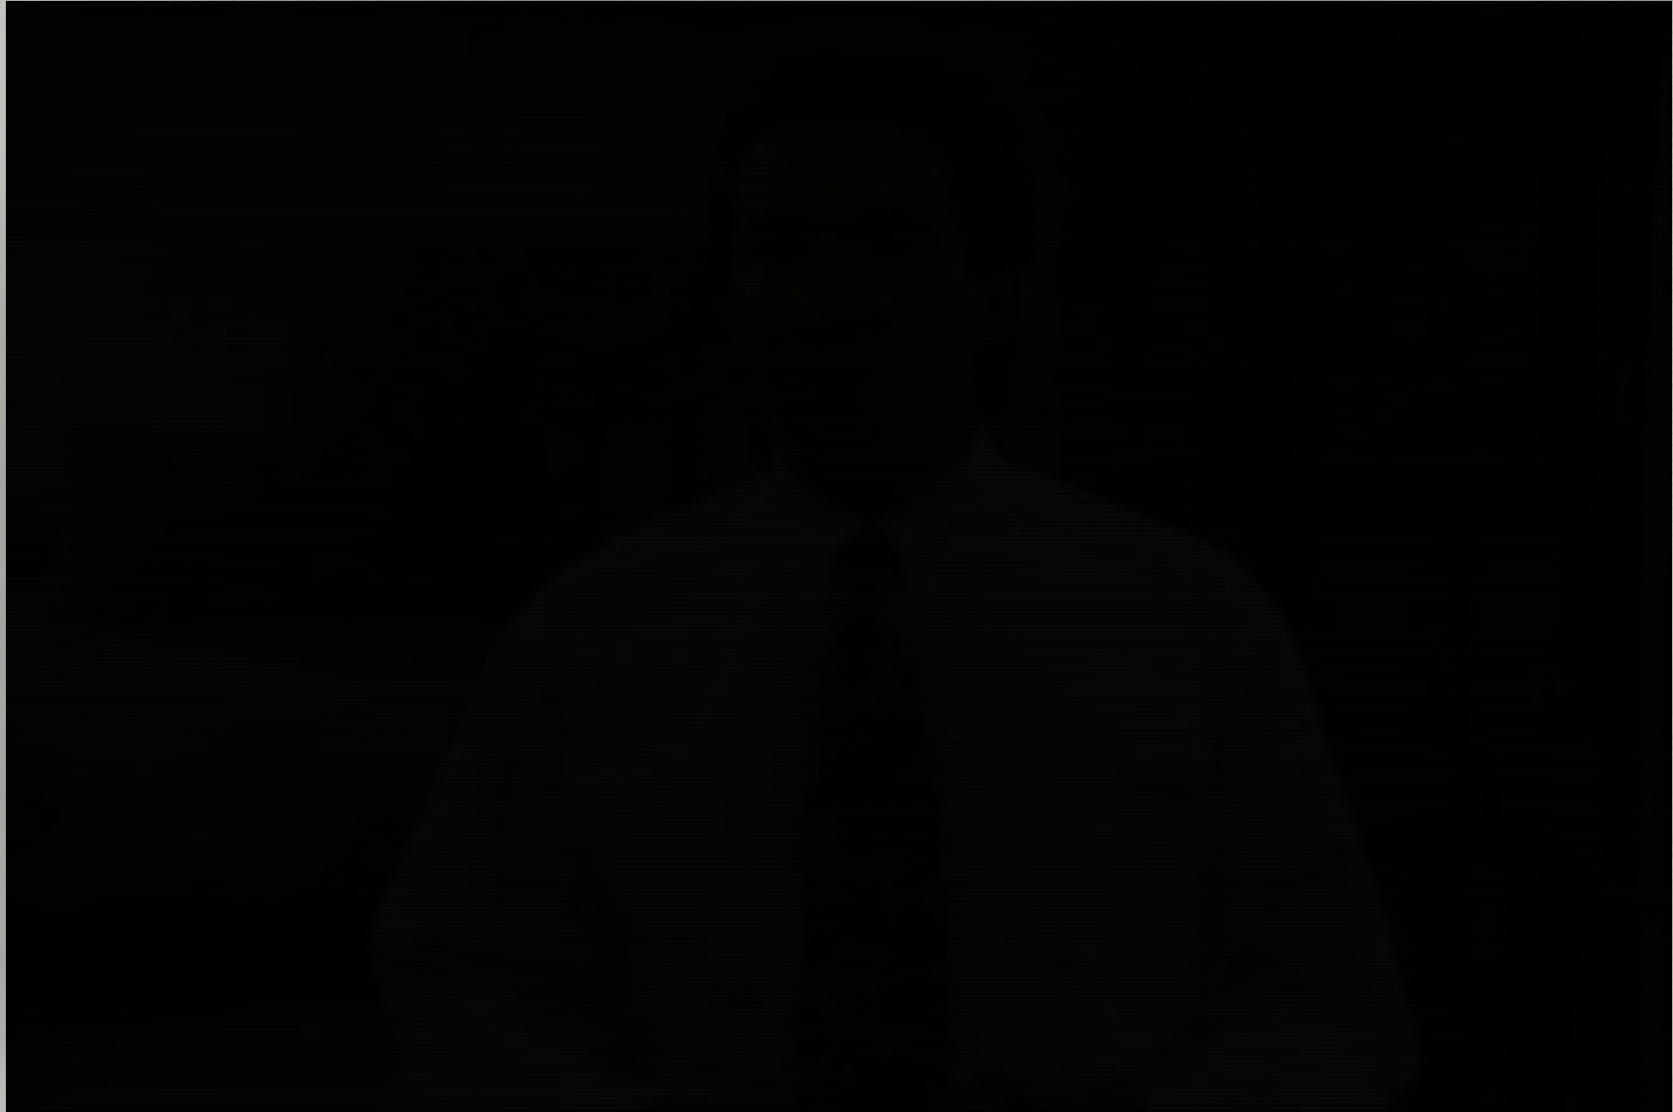

Intermission

Options

- **David Dixon Headlights**
- **Battery Minder, and or shutoffs**
- **Handheld Radios**
- **Seating**
- **Generators**
- **Cameras**
- **Chrome**
- **Floor Mats**
- **Inverters**
- **Bumpers**
- **Tire Pressure Monitoring**
- **Microwave**
- **Porta-Pottie**
- **Decals**
- **Spare Parts to Always Carry**

Tools

Tools

- Big Jacks
- Air tools
- New lines
- Brake cleaner
- Frame Stands
- Engine hoist – and flat floor
- Torch
- Welder
- Grinders
- Charger (key is on quite a bit)
- All new bolts, tire warps, hoses, fittings
- Electrical

Safety

- All the time, especially for guests
- Keep your phone on you
- Fire extinguisher
- Lighting
- Eyes
- Ears
- Hands
- Feet

Hitches

I have tried many.

I have seen many used ones.

I only trust Henry's hitch.
